**seatec**  
SEATECHNOLOGY & DESIGN

10/12 Feb. 2010 Carrara Italy

Seatec, the International Exhibition of Technology, Subcontracting and Design for Boats, Megayachts and Ships, has strengthened its position as a specialist exhibition standing out for its technical standards.

Seatec showcases the world of supply and the work that is behind ship and yacht building, with exhibitors who are the best producers of components, designs, raw materials, mechanics, processes and all those small-sized companies that can hardly be found elsewhere.

Seatec will be open on **Wednesday - Thursday from 10,00 am to 6,00 pm** and **Friday from 10,00 am to 5,00 pm** so that both exhibitors and visitors can make the most of their time for their business-to-business meetings. Further attractions are the **Qualitec Technology and Qualitec Design awards** to exhibitors for the most innovative product or service on display, the **Millennium Yacht Design Award** for the most advanced boat design of the year and **Abitare la Barca and Targa Rodolfo Bonetto** competitions, open to Italian and International students

The ICCI encourages the participation of WA companies at this trade fair and provides facilitations and logistics to attend the event. Join the Australian Delegation to **SEATEC 2010**.
