## PRESS RELEASE

Re: "Help Amatrice 2016"

## Four months of amatriciana for reconstruction

To the Mass Media,

with the tragic earthquake event of Central Italy and in particular Amatrice.

"All over Australia, through this symbolic dish of the gastronomic history of Amatrice, we also hope to disseminate the values of solidarity and sharing of their farming culture from which it arises."

Achille Milanese, President of the Federazione Italiana Cuochi in Australia (Italian federation of chefs) and his team start a solidarity campaign to support the people affected by the earthquake and think, even now, to their future.

We adhere to the spontaneous initiatives started at this time in Italy, and relaunched "calling into question the Australian restaurants of Italian cooking oriented from around Australia for four months from now. We hope in this way that the attention does not fade, and beyond the emotional wave of the moment: we overcome the emergency and begin reconstruction already today. Those who lived this drama should be able to regain normalcy as soon as possible, the funds allocated must be durable and constant collection '.

Our campaign is for "Help Amatrice 2016" for a donation of \$5 dollars for every Amatriciana dish in all the restaurants that are taking part of this delicate initiative.

Our National Secretary will deliver personally a check to the Council of Amatrice in January 2017

Please contact our chefs;
